

令和4年度 第2学年次 第6回 RAP応用Aワークシート①

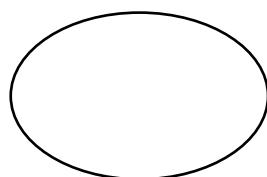

2年( )R ( )番 名前( )

## 今日の目標 :

## ワーク①

◆真ん中の○に「関心・興味」のあるキーワードを書き、連想されるキーワードを繋げてみよう

※「関心・興味のある」とは、「好き・嫌い」、「疑問・不思議」、「違和感・嫌悪感」等の視点

## ワーク①

◆「探究したい」や「一番心惹かれた」キーワードをマンダラートの真ん中に書き入れよう。そして  
真ん中の言葉と結びつくキーワードを真ん中の周りの8つに書き、キーワードで周囲を埋めよう。

A 7x7 grid diagram with various dashed arrows indicating movement paths. The grid consists of 49 empty cells. Several cells are highlighted with solid black borders: the top-left cell, the top-right cell, the middle-right cell (row 4, column 5), the bottom-left cell, and the bottom-right cell. A central cell in the fourth row and fifth column is filled with a light blue color. Dashed arrows of different types are drawn across the grid:

- Horizontal dashed arrows: One pointing left from the top-left cell, one pointing right from the top-right cell, and one pointing right from the bottom-right cell.
- Vertical dashed arrows: One pointing up from the top-right cell, one pointing down from the bottom-right cell, and one pointing up from the central blue cell.
- Diagonal dashed arrows: One pointing up-right from the top-left cell, one pointing down-left from the top-right cell, one pointing up-left from the bottom-left cell, and one pointing down-right from the bottom-right cell.
- Horizontal dashed lines: One line connects the top-left cell to the top-right cell, and another line connects the bottom-left cell to the bottom-right cell.
- Vertical dashed lines: One line connects the top-right cell to the central blue cell, and another line connects the central blue cell to the bottom-right cell.
